

## Information about the speakers

---

**Speaker** Dusty Gedge

**Vita** Dusty is a green infrastructure consultant working in London, UK and Europe. He is the current Current President of the [European Federation of Green Roof Associations](#) (EFB) and founder of [Livingroofs.org](#), and is a working group member of the EU GI and Ecosystem Services working group.

Biodiversity and birds on green roofs drew him into this work 20 years ago. Nature is at the heart of his approach to green infrastructure although he quite naturally can deal all the issues that cities face and how vegetation can help adapt cities to climate change.

Dusty Gedge is a recognised authority, designer, consultant and public speaker on green roofs and urban green infrastructure. He has worked on GI Projects in the UK for the last 17 years. Some of this are recognised as seminal projects especially in London as well as advising virtually on projects across the world through his consultancy firm [Green Infrastructure Consultancy \[GIC\]](#).

Dusty has also been a TV presenter on several UK shows and has recently started a [podcast series – Adventures in Green Infrastructure](#).

- He is also active social media on [Twitter](#), [Facebook](#) and [G+](#).
