

Information about the speakers

Speaker Mag. Hans Jörg Ulreich

Vita Hans Jörg Ulreich is the business owner of Ulreich Bauträger GmbH and an expert for ecologically sustainable renovations of late 19th century houses in Vienna. His renovations and his newly built houses are known for the best ecologically sustainable technologies as well as comprehensive greening concepts, which are carefully integrated into projects. Ulreich has won several national and international awards. He is an active spokesman for the Austrian association of real estate and chairman of the league of private real estate trustees. Hans Jörg Ulreich is committed to numerous innovative projects such as permaculture in the city and humane treatment of refugees. Ulreich considers it his responsibility to create living space, not only to build houses.
